

TUNE IT! SAFE!

THE TUNE IT! SAFE! POLICE VEHICLE DATA SHEET: BMW M2 by AC Schnitzer

With the BMW M2 by AC Schnitzer in its authentic police look, the TUNE IT! SAFE! initiative makes a powerful statement for safe and legal tuning. The foundation is the BMW M2, refined by the tuning specialists from Aachen through targeted modifications. The performance upgrade to 560 hp (412 kW) and 650 Nm of torque delivers impressive dynamics and an exhilarating driving experience. The RS coilover suspension lowers the center of gravity by 25 to 35 mm and offers adjustable settings for optimal stability and agility.

A comprehensive aerodynamic kit, including a front splitter, side skirts, and a carbon rear wing, enhances downforce values while emphasizing the sporty design. AC4 lightweight forged wheels in „techgold“ (20 inches at the front, 21 inches at the rear), paired with Hankook Ventus S1 evo 3 tires, ensure precise handling thanks to reduced weight. The police decal design by FOLIATEC.com and cutting-edge LED warning technology from Hänsch, including the DBS 4000 warning system, enhance visibility and send a clear message for road safety.

Specifications

Vehicle Type	BMW M2 Coupé
Engine	3.0-liter inline six-cylinder biturbo gasoline engine
Transmission	8-speed automatic gearbox
Maximum Speed	285 km/h
Acceleration (0-100 km/h)	3.9 seconds
Total Output	412 kW (560 hp)
Max. Torque	650 Nm
Combined Energy Consumption	9.7 l/100 km (WLTP)
Combined CO2 Emissions	220 g/km (WLTP)

Tuning Equipment

Ultra-High-Performance Tires: Hankook Ventus S1 evo 3, sizes 285/30 R20 (front) and 295/25 R21 (rear)	
Wheel set with AC4 lightweight forged wheels in „techgold,“ dimensions: 10.0 x 20“ (front) / 10.0 x 21“ (rear)	AC Schnitzer
Performance upgrade to 560 hp / 650 Nm, sports exhaust system	AC Schnitzer
Front splitter, front grille, winglets for front air intake, front side wings, side skirt set, 6-piece design package for front fenders (right and left), rear diffuser, roof-mounted rear spoiler, racing carbon rear wing, Gurney flap for rear wing, rear bumper protective film	AC Schnitzer
RS coilover suspension with lowering approx. 25-35 mm (front and rear)	AC Schnitzer
Sport steering wheel, shift paddle set, pedal set, footrest, keyholder, iDrive cover	AC Schnitzer
Official police foil design, SECURLUX safety film, ULTRALUX nano-ceramic window film	FOLIATEC.com
Roof bar system DBS 4000, LED warning system Sputnik Hybrid HTB, Sputnik Flat Mobile, Sputnik Hybrid, tone sequence system 724, HBE300 hand controller	Hänsch

*The official data on fuel consumption, CO2 emissions, and power consumption were determined in accordance with the prescribed measurement procedure and comply with Regulation (EU) 715/2007 as amended. The data take into account variations, including differences in selected wheel and tire sizes. For the assessment of taxes and other vehicle-related charges that (also) depend on CO2 emissions, values other than those specified here may apply. The listed data may have been determined based on the new WLTP measurement procedure and converted back to the NEDC measurement procedure. The information on electric range was determined using the WLTP measurement procedure and takes into account special equipment. For more information on the WLTP and NEDC measurement procedures, please visit www.bmw.de/wltp. Further information on the official fuel consumption and the official specific CO2 emissions of new passenger cars can be found in the „Guide on the fuel consumption, CO2 emissions, and power consumption of new passenger cars,“ which is available free of charge at all sales outlets, from Deutsche Automobil Treuhand GmbH (DAT), Hellmuth-Hirth-Str. 1, 73760 Ostfildern-Scharnhausen, and at <https://www.dat.de/co2/>.
